

Post Implementation Evaluation Report

KU Oracle Campus License Agreement Project – Univ of Kansas

Project Dates: 3/2010 through 7/2010

Project Cost: \$1,860,100

Project Objectives:

The objectives for this project were defined as:

- Control KU expenses for acquisition, renewal and support of KU database software
- Provide all KU Oracle database users access to the full “Enterprise” version of the product to facilitate ongoing use of Oracle by research and academic computing groups.
